

THE UNIVERSITY OF ZURICH IS PLEASED TO PRESENT THE INAUGURAL...

Dorothy Crowfoot Hodgkin

INTERDISCIPLINARY SYMPOSIUM

5 May 2006 • University Zurich-Irchel

Dorothy Crowfoot Hodgkin, OM (1910-1994): *In addition to her accomplishments as a founder of the science of protein crystallography, Fellow of the Royal Society (1947), and recipient of the Nobel Prize in Chemistry (1964) for her solution of vitamin B-12, Dorothy Crowfoot Hodgkin, was a recognized advocate for world peace. The DCH Interdisciplinary Symposium is being developed to recognize the unassuming yet enduring efforts of this remarkable woman.*

HOSTED BY THE INSTITUTE OF ORGANIC CHEMISTRY • WINTERTHURERSTRASSE, 190 CH-8057 ZURICH

Inaugural Year

Professor Kim Baldridge, is pleased to present the inaugural Dorothy Crowfoot Hodgkin Symposium—to take place **FRIDAY 5 MAY 2006** at the University of Zurich. The DCH Symposium has been designed to interest researchers across a broad range of subfields. This year's speakers include:

- LIA ADDADI *Weizmann Institute*
- JENNIFER ALBANEZE-WALKER *Schering-Plough*
- ANNA BERNARDI *University of Milan*
- JENNY GLUSKER *Fox Chase Cancer Center*

Student Posters all science topics welcome!

ALL students and post-grads are encouraged to participate *and* present a poster—ALL science topics are welcome! All contributors will receive a t-shirt. Prizes will be awarded to the top three posters presented.

Registration: www.oci.unizh.ch/diversa/dch/dch2006-reg.html

We look forward to meeting you there!
