

Eawag, the Swiss Federal Institute of Aquatic Science and Technology, is a Swiss-based internationally active research institute within the domain of the ETH (Swiss Federal Institute of Science and Technology). It is committed to the ecologically, economically and socially responsible management of water.

Part-time student assistant needed (approx. 30%)

Within the EU-funded project PREMIER at the Department of Environmental Chemistry at Eawag, we need help in electronically encoding and curating biotransformation information for pharmaceuticals from study dossiers available at partner companies.

You:

- Are studying chemistry, environmental chemistry, biochemistry or bioinformatics
- Have some Python programming knowledge, and ideally also some knowledge of cheminformatics toolkits (e.g., CDK, RDKit)
- Work on the project when you have time
- Work from home

We:

- Pay you an hourly salary of approx. 28 CHF
- Train you and supervise your work
- Provide you with a computer, if needed
- Give you the opportunity to be part of a cutting-edge project

When:

- Earliest starting date: January 2021 (but later applications are welcome)
- Project duration: 12 months (with possibility for extension)

If you are interested in working with us, please send a motivation letter and your CV to Kathrin Fenner (kathrin.fenner@eawag.ch, Phone +41 (0)58 765 5085).
